Frontend: React, Next.js, Redux, RTK Query, TailwindCSS, MUI

Backend: Node.js, NestJS, Express.js

Database: MongoDB

Tools: Git, Postman, CI/CD (Basic), REST API design

Integrations: MikroTik API, Instagram Graph API, Vimeo API

Professional Experience

Full■Stack Developer — ShunnoIT

Aug 2023 – Present | Rajshahi, Bangladesh

• Developed and maintained modules for Silicon ISP SaaS — billing, clients, reporting, status sync, admin dashboards.

• Built frontend architecture using React, MUI, Redux, and RTK Query improving UI performance

• Designed and consumed REST APIs with NestJS for billing, authentication, and client lifecycle operations.

• Implemented MikroTik API automation for client status, session handling, usage syncing, and connectivity updates.

• Contributed to BillBD utility billing SaaS with full-stack feature development and UI/UX

improvements. • Built reusable UI components reducing development redundancy across multiple

product modules.

Key Projects

Silicon ISP — SaaS ISP Billing Platform

React, MUI, Redux, NestJS, MongoDB

• Built admin dashboard, billing cycle UI, client management workflow, and Mikrotik API■integrated automation.

BillBD — Utility Billing SaaS

React, Tailwind, Redux, NestJS

• Implemented dashboard UI, invoice pages, customer records, and backend API integrations.

Cinematographer Portfolio (Next.js)

Next.js, shadcn/ui

• Integrated Instagram and Vimeo APIs for dynamic content rendering and media gallery automation.
